County Canvassers Don't Know Where They Are At.

THE CONGRESSIONAL JANGLE

Becomes More Complicated - Belknay Doesn't Want a Recount and Richardson Does.

Yesterday morning Charles E. Belk nap withdrew his petition for a recount of the votes in Kent county. The board of canvassers met at 10 o'clock and held a Donnybrook fair for two hours. Then it adjourned. Four committees were appointed during the more quiet intervals to canvass the vote on the various tickets. The committees are as follows:

To Canvass Votes on Electors and State Ticket-H. B. Proctor, Charles E. Hogadone, Wellington Rasco, Abraham Bergy, James Hill.

Senatorial and Representative—John Benjamin, Hugo B. Rathbon, Moses Rosenberg, John DeGraaf, Mathew B.

County Officers-Nicholas D. Em-mons, Fred Loettgert, W. D. Frost, M. M. Perry, George W. Hartwell. Constitutional Amendment-John D. McIntyre, Everets L. Hedger.

Lively squabbles, Roger A. Butterfield and Moses Taggart represented Mr. Belknap at the meeting of the board in the morning, and I. M. Turner appeared for George F. Richardson. A motion to take the petitions of Mr. Belknap and Mr. Moulton from the table was lost. Harry De Granf then moved that committees be appointed to canvass the vote. Alder-man Stein objected, and after the smoke lifted a communication was read from Mr. Belknap, withdrawing

his application for a recount.

L. L. Launiere moved that the request be denied, and as a substitute Mr. Beiknap had made very specific charges of error and fraud and had presumably acted in good faith. The people demanded a recount in order

Even if a candidate should feel himself aggreeved and demand a recount he can, if he sees fit, waive his right and withdraw his petition for a recount if he wants to and nobody can prevent it. Protest from Judge Perkins. The motion made by Mr. DeGraaf to appoint canvassing committees was then called and carried by a vote of 27

Mr. Launiers then moved that Mr. Richardson's protest and petition be received, and that, together with Mr. Moulton's petition, they be referred to a committee of three.

Mr. Richardson's protest and petition were then read, although it was pointed out that no service had been made on Mr. Belknap as required by law. A protest was also entered by Judge Perkins, who claimed that he had been given no legal notice by Mr. Moulton. He said, besides, that the allegation that 12,000 faulty votes were cast is absurd on the face of it."

Mr. Moulton interrupted and asked Judge Perkins where he got the notice he had in his hand. Judge Perkins responded that he had found it on his desk. Mr. Moulton insisted that his patition was a nearly country of the fact that coal is \$7.75 per ton and very liable to reach \$8 before the petition was as nearly correct as pos-sible, and claimed that he made his demand to test the new system and for the purpose of determining how suc-cessful the system is,

The motion was lost on a tie vote. The motion by Supervisor Frost to table the subject matter was carried.

A motion by Mr. Andre ws that no committees be appointed to canvass such offices as are under protest was adopted. The board then adjourned.
